

# Stainless Steel Sheets

“ You are in Good Hands with Honest Steel”

1. Stainless Steel's Strength to corrosion and low maintenance make it the ideal material for a wide range of applications. It also has a long life cycle and is 100% recyclable.
2. Our stainless steel sheets are polished #4 and #8 on both sides, with PE film on main side
3. This is a general purpose bright finish with a visible grain” which prevents mirror reflection [Grade = 430BA]

**Industry Uses :**  
Food and Catering Industry  
Elevator Industry  
Automotive and Transportation Industry  
Energy and Heavy Industries  
Medical Industry  
& All Kinds of Metal & Plastic Fabrication Industry

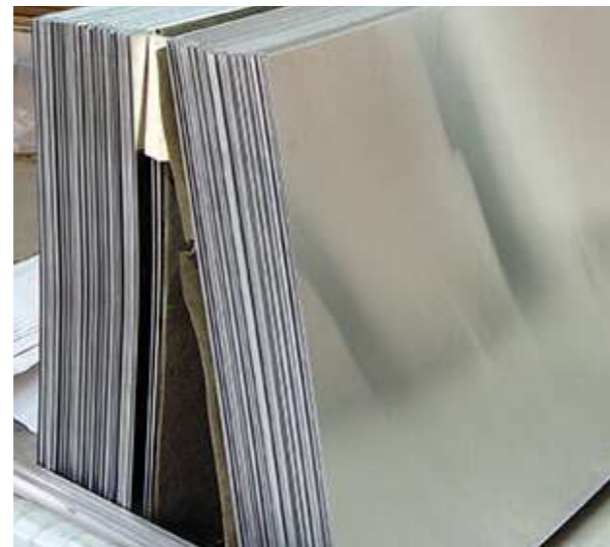

# Aluminium Sheets

“ You are in Good Hands with Honest Steel”

1. Aluminium Sheets with Alloy = 1050, and Temper =H14
2. Aluminium alloy 1050 is a popular grade of aluminium for general sheet metal work where moderate strength is required.
3. Alloy 1050 is known for its excellent corrosion resistance, high ductility and highly reflective finish.
4. Sheets are easily bendable upto 90 degrees
5. Sheets can be easily cut with Router, Laser & other Machine

## Industry Uses:

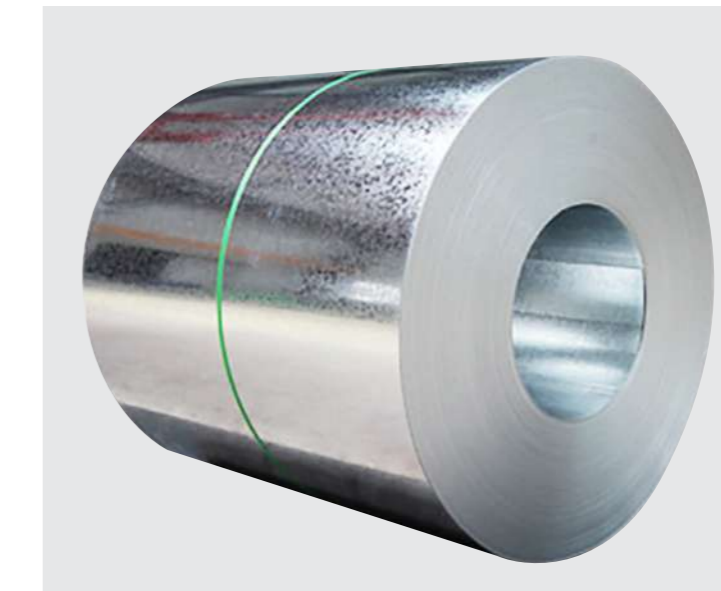

Advertisement/Signage Industry  
Kitchen Hood Industry  
Kitchen Cupboard Industry  
Air Condition / Ducting / Gliding Industry  
Elevator Industry  
Chemical Process plant equipment  
Pyrotechnic powder  
Architectural flashings  
Lamp reflectors  
Cable Sheathing

# Galvanized Sheets

“ You are in Good Hands with Honest Steel”

1. Galvanized steel is one of the most economical corrosion resistant sheet materials available
2. It can be roll-formed, brake/formed or lock-seamed. It can be joined by various methods including riveting, soldering, welding and spot welding.
3. This product is useful for many application requiring the strength of steel combined with the workability needed for bending and moderate forming; It provides the strength and formability levels that most users need for general purpose application.

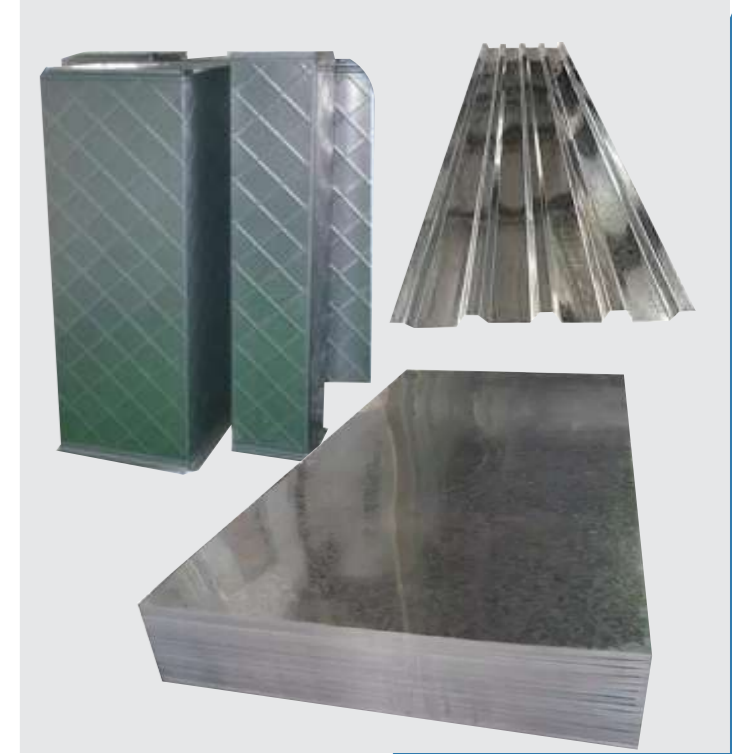

## Industry Uses:

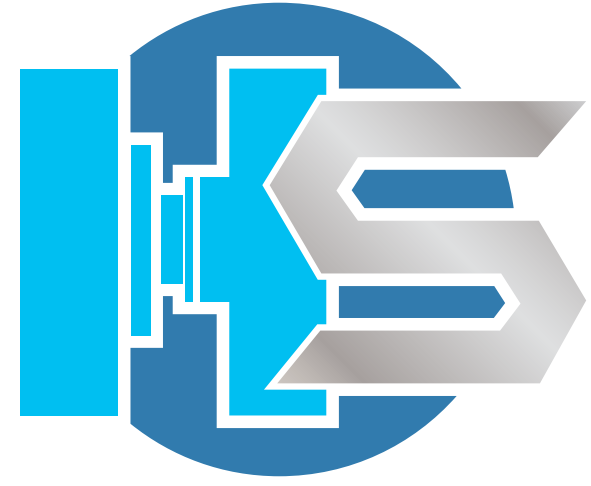

Construction Project- Balconies, Duct work, Handrails, Fences, Industrial walkways  
Ladders, Staircases, Street Furniture, Support Beams, Verandas, Awnings

Air Conditioning Industry

Ducting/Gliding Industry & All kinds of metal & plastic fabrication industry
